### Sleep like a king – live like a prince

#### The noble Kulm Hotel St. Moritz presents the newly designed presidential suite with a panoramic view

Exotic woods and discreet, warm colours are harmonised down to the last detail in the newly designed presidential suite of the luxurious Kulm Hotel St. Moritz. The spacious interior transports the guest into an atmosphere of serenity and contemplation. The suite is on the fifth floor on the southwest side and opens onto a spectacular view of the majestic Swiss mountain world. A large living-dining area with a fireplace and a bathroom, with a separate shower, occupy a generous living space. Hotel guests can choose between one bedroom (180 square metres) or two bedrooms (225 square metres), both feature a balcony. The prices per night with half-board vary depending on the season and for the one-bedroom suite range from CHF 2,110 to 2,360 (summer season) or from CHF 3,055 to 5,295 (winter season). The two-bedroom suite can be reserved for CHF 2,955 to 3,320 (summer season) or for CHF 4,145 to 7,115 (winter season). In selecting the materials, the interior designer, Jo Brinkmann attached particular importance to warm and natural accents. Soft brown and delicate pastel hues give the interior its elegant design. Walnut and fir wood are beautifully harmonised in doors and ceilings. The floor is in massive, oiled walnut wood and the wall panels in patinated fir wood covered with fabric.

The furniture is also finished with walnut wood. The large dining room table with a glass cover is made entirely of the exquisite wood and is a perfect complement to the strikingly structured parquet.

The carefully selected drapes and furniture coverings of cotton, silk and Trevira CS enhance the effect of the woods. Fabrics in discreet blue, mint green, yellow and dusky pink combined with simple but sophisticated accessories, such as lamps, flower bouquets and plants provide an impressive atmosphere of elegant luxury. In the summer months, the guests can enjoy the pure mountain air of the Swiss countryside on the in-suite terrace. In any season, nature lovers will pause to take in the view of the glittering royal blue Lake of St. Moritz, majestically nestled among the surrounding mountains, Piz Corvatsch, Margna and Rosatsch.

The Kulm Hotel St. Moritz can look back with pride over an eventful past packed with history. It was instrumental in shaping the famous winter resort in a lasting manner. In 1864, Johannes Badrutt launched winter tourism in these historic walls. The luxury hotel features over 173 rooms and suites, a gourmet kitchen under the management of Hans Nussbaumer, the Panorama SPA & Health Club, a nine-hole golf course as well as a comprehensive sports and activity programme in summer and winter. The Kulm Hotel St. Moritz presents the ideal setting for a holiday with a luxurious ambiance.
